THANKS TO:

FLORIN MACOVEI

EVVF PRESIDENT

France, the organizer of this year's European Vovinam Viet Vo Dao Seminar, is the largest member organization of the EVVF and the reigning European champion. These elements would be enough to justify our enthusiasm for the visit we will make from May 8th to 11th. But there is more to it than that. The Seine-et-Marne (77) department in the urban of Paris is an area with a high density of clubs and practitioners and the host, Ozoir-la-Ferrière is the very fiefdom of Master Jean-Michel Sudorruslan, master adviser of the EVVF, who for over 40 years since he founded the Van Hoa Vovinam Viet Vo Dao Ozoir Association, has initiated and perfected generations of practitioners and masters and who continues to inspire us all.

Florin Macovei

JEAN MICHEL SUDORRUSLAN

EVVF MASTER ADVISER

Hello everyone,

I have been involved in the development of Vovinam Viet Vo Dao throughout the world for a very long time. I am one of the founding members of the European and World Federations, and I try to be present every year in the events they organize. I am therefore very happy and very proud to welcome in France, for the first time, the EVVF 2025 seminar.

It will once again be an opportunity to train together, in the values of sport and our martial art, and for all the môn sinh to benefit from the teaching of experienced Vovinam masters from the European Vovinam Viet Vo Dao Federation.

I thank the masters and all the volunteers of the Van Hoa Vovinam Viet Vo Dao Ozoir Association who will manage the event, as well as the Community of Communes Les Portes Briardes which provides us with a magnificent sports facility. All together, we are working to make this event a festive and friendly moment for all participants.

Jean Michel
Sudorruslan

Club Văn Hoá Vovinam Việt Võ Đạo

Master Sudorruslan arrived in France in April 1977 and opened a Vovinam Viet Vo Dao section in Ozoir-la-Ferrière later that year, with support from the Judo club.

Master Sudorruslan contributed significantly to the FFKDA, serving as head of national competitions from 1979-1995 and later leading departmental AMV grades.

Martine Noll, practitioner and president of the Ozoir club, who defended the interests of Vovinam at the FFKDA for almost twenty years and Rachel Sudorruslan, the first Vovinam practitioner of Ozoir who had been elected to the board of directors of the FFKDA and to the Departmental Committee of Seine et Marne.

In 2004, an independent association was created (Van Hoa Vovinam Viet Vo Dao Ozoir) in order to be able to fully develop. From the teaching of master Sudorruslan, many masters of the first generation, then the second and now the third generation, have opened associations around the "mother" club during these 47 years: 11 of the 13 clubs in the department of Seine et Marne are led by students from his teaching. Several have also opened clubs in other departments of the Ile de France region, in the provinces, in Martinique, Guadeloupe and Reunion.

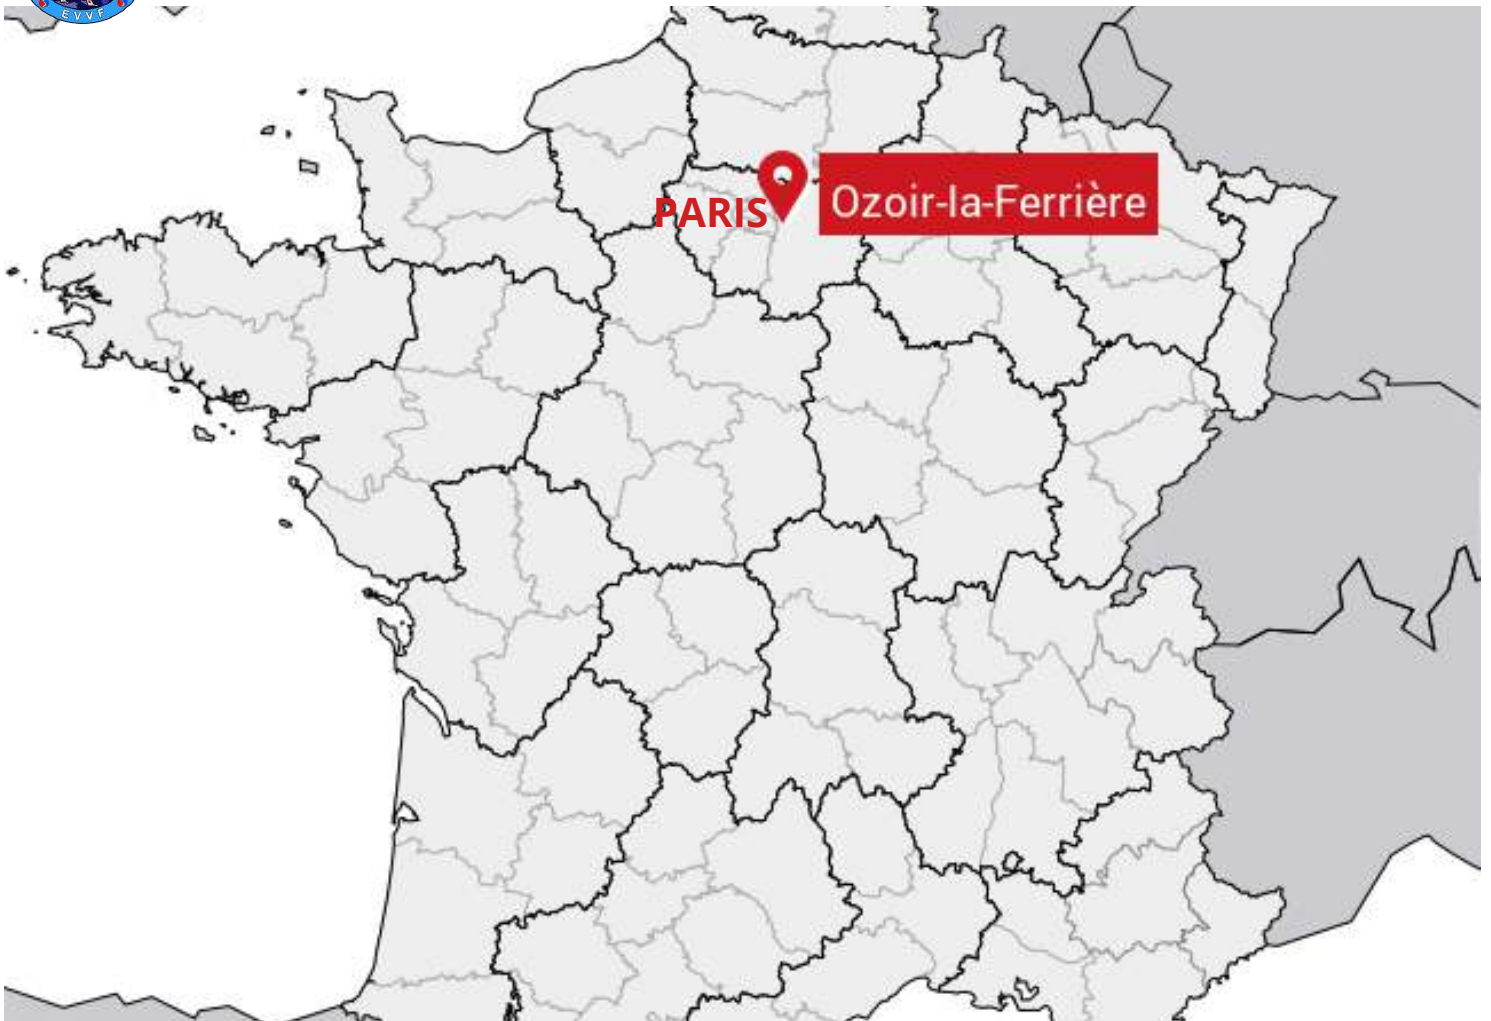

The Ozoir club, focused on competition, has produced many champions and actively participates in international events. The Van Hoa Association has fostered Vovinam growth in Seine et Marne, hosting annual competitions and nurturing young referees. For around fifteen years, the Van Hoa Association has participated in developing Vovinam in the department of Seine et Marne by organizing every year departmental competitions which today welcome up to 165 competitors.

The club has also sought professional development through sponsorship and collaborations with local municipalities. For three years now, he has also initiated an agreement with the five municipalities of the Portes Briardes Community: Ozoir-la-Ferrière, Férolles-Attilly, Gretz-Armainvilliers, Tournan-en-Brie and Lésigny. This makes it possible to merge teams into national competitions and improve the level of competitors. The leaders of the association will continue this work which serves the development of French Vovinam Viet Vo Dao.

Thanks to this rich history that Ozoir club had the honor of welcoming Grand Masters Le Sang, Tran Huy Phong and Nguyen Van Chieu to Ozoir-la-Ferrière on several occasions.
