GENERAL INFORMATION

Modern Delhi, popularly known as Lutyens' Delhi, bears a striking contrast to Old Delhi with respect to architecture, building materials and layout. However, Modern Delhi itself dates back to over a century when the British shifted their capital from Calcutta to Delhi. New Delhi, as it is known today, designed by Lutyens, has wide-open lanes, avenues and buildings that are worth across the globe for. Besides the usual tourist attractions of Modern Delhi – **India Gate, Rashtrapati Bhavan, Parliament House**, North and South Block - which are stunning examples of British architecture, you can also visit the various museums, temples and memorials that provide a comprehensive and entertaining insight into the lives of Delhites.

National Museum, at par with any international museum, is an important place to visit in modern Delhi. Here, you can catch glimpses of the rich historical past of India, from the ancient to the modern era. **National Rail Museum** documents the more than 150-year-old history of Indian railways, including the first steam engine that ran from Thane, Mumbai in 1853 that marked the beginning of Indian Railways.

Modern Delhi has some popular temples of Modern India that are known not only for their religious significance but also for their experimental designs that challenge conventional architectural standards. The Lakshmi Narayan Temple (Birla Temple), built by the Birlas, is dedicated to the worship of Lord Lakshmi Narayan (Vishnu). Another temple worth a visit on your tour of Modern Delhi is the Lotus Temple built by followers of the Bahai faith. Built in the shape of a blooming lotus, the temple draws thousands of tourists each day.

Iskcon Temple

Iskcon (**International Society for Krishna Consciousness**) Temple **restaurant, library, animatronics center** and an upcoming museum besides the prayers and meditation facilities. The newly built **Akshardham temple** is a very popular destination for tourists and Delhites. The temple is situated on the banks of **Yamuna River**, and is besides the **Common Wealth Games village**. New Delhi has memorials of famous freedom fighters and National leaders.

Raj Ghat, Shanti Van, Shakti Sthal are the resting place of Mahatma Gandhi, Jawaharlal Nehru and Indira Gandhi respectively. You can also visit the Teen Murti Bhavan (Nehru Memorial Museum), Gandhi Smriti and Indira Gandhi Memorial.

The capital has a charming mix of old and new world. On one side you can see Old **architectural sites, buzzing streets** and exotic markets, and on the other side Delhi has **magnificent Malls, swan by overbridges**, modern opulent high rise buildings and lots of greenery.

Move The Taj Mahal

Standing majestically on the banks of River Yamuna, the Taj Mahal is synonymous to love and romance. The name "Taj Mahal" was derived from the name of Shah Jahan's wife, Mumtaz Mahal, and means "Crown Palace". The purity of the white marble, the exquisite ornamentation, precious gemstones used and its picturesque location, all make a visit to the Taj Mahal gain a place amongst the most sought-after tours in the world. However, until you know the love story behind the construction of the Taj Mahal, the beauty of the same would not enliven in your heart and mind and instead would come up as just another beautiful building/monument. It is the love behind this outstanding monument that has given a life to this monument. Come and explore the visceral charisma that it emanates

At the brink of dawn when the first rays of the sun hits the dome of this epic monument, it radiates like a heavenly abode, cloaked in bright golden. And then at dusk, basking in the glory of moon, it shines like a perfectly carved diamond; appearing as if straight out of some magical tale, leaving the viewers awestruck by its sense of grandeur. Nothing short of an architectural marvel, no wonder it stands proud at being one of the Seven Wonders of the World. And the rich beauty of this visual spectacle turns visceral when one hears the story behind it. The story of Taj Mahal!

Taj Mahal, "the epitome of love", is "a monument of immeasurable beauty". The beauty of this magnificent monument is such that it is beyond the scope of words. The thoughts that come into the mind while watching the Taj Mahal of Agra is not just its phenomenal beauty, but the immense love which was the reason behind its construction. Mughal Emperor Shah Jahan got this monument constructed in the memory of his beloved wife Mumtaz Mahal, with whom he fell in love at the first sight. Ironically, the very first sight of the Taj Mahal, the epitome of love and romance, also leaves visitors mesmerized and perpetually enthralled.
